

## School trips and technology consent form

Dear Parents and Caregivers

Please note the following arrangements for our teaching and learning programme:

- Children at George Street Normal School participate in regular class trips and school outings, including swimming instruction. Supervised day or part-day visits outside the school grounds will occur during the school year for educational purposes. Parents will be informed of when and where these are.
- Children at George Street Normal School make use of many technologies. Class programmes regularly use the internet and each class teacher establishes age-appropriate rules for safe and successful use of Information and Communication Technology (ICT).
- Teachers and teams have blogs and wikis that display children's work, names and images. This is an important way of communicating with our parent community. Teachers will responsibly publish your child's work and image through the school website and classroom blogs and wikis. In addition, our school newsletter and website will feature children's images and first names from time to time.

If you have any concerns regarding your child's involvement on school trips and/or with the use of technology in our school, please note these below and/or make an appointment to see your child's teacher or the Principal. Copies of our ICT policy are available from the school office. We are also taking this opportunity to confirm your contact details below. Please return this notice to your child's teacher as soon as possible.

Child's name:

Parent/caregiver names:

Cell phone(s):

Email address:

Mailing address:

☐

I have read the above information and give permission for my child to participate in school programmes that involve visits outside the school, including swimming instruction.

☐

I have read the above information and give permission for my child to participate in teaching and learning activities that involve ICT and may include having their photo published.

**Signed:**
